DAS HANDWERK ERZÄHLT DIE GESCHICHTE

HOUSE OF ROHL

THE STORY CRAFT TELLS

Riobel is a member of the House of Rohl, a collection of artisan brands recognised for their artistry and heritage.

The Rohl family have spent a lifetime seeking stories of dedication, passion and craft. They have brought together diverse brands, exceptional in their category, that complement each other. Independent spirits, but shared values. A belief that quality starts with the material, design is in the detail and craftsmanship is paramount.

Distinctive stories are what makes life exceptional. At the House of Rohl, we discover time-honoured craft, revealing stories unlike any other. Stories of place and provenance. Stories of ingenuity and invention. Stories of a relentless pursuit of perfection.

Welcome to the House of Rohl®

Riobel ist Teil von House of Rohl, einer Kollektion handwerklicher Marken, anerkannt für ihr Design und ihre Geschichte. Die Familie Rohl suchte ein Leben lang nach Geschichten, geprägt von Engagement, Leidenschaft und Handwerklichkeit.

Es entstand eine Kollektion verschiedener Marken, alle außergewöhnlich in ihrem Wesen, die sich ergänzen. Unabhängige Seelen, aber gemeinsame Werte. Der Glaube, dass Qualität mit dem Material beginnt, Design im Detail liegt und die Handwerkskunst an erster Stelle steht. Besondere Geschichten machen das Leben außergewöhnlich.

Im House of Rohl entdecken wir alterwürdige Handwerke und enthüllen verborgene Geschichten. Geschichten der Orte und der Herkunft. Geschichten von Einfallsreichtum und Inspiration. Geschichten nach einem unermüdlichen Streben nach Perfektion.

Willkommen im Haus von Rohl®

LA STORIA DELL'ARTIGIANATO CI RACCONTA

Riobel è membro di House of Rohl, una collezione di marchi dell'artigianato riconosciuti per la loro qualità e tradizione. La famiglia Rohl ha dedicato un'intera vita alla ricerca di storie di dedizione, passione e artigianato.

Loro hanno raccolto insieme diversi marchi, eccezionali nella loro categoria, che si complimentano fra di loro. Spiriti indipendenti, ma valori condivisi.

La convinzione che la qualità incomincia dal materiale, il design e nei dettagli e l'artigianato fondamentale. Le storie distintive sono ciò che rende la vita eccezionale. Alla House of Rohl, scopriamo storie di radici e tradizioni. Storie di creatività e innovazione. Storie di una continua ricerca della perfezione.

Benvenuti nella House of Rohl®

Riobel®

RIOBEL: LUXURY DESIGN
FOR MODERN LIVING

RIOBEL: LUXURIÖSES DESIGN
FÜR DAS MODERNE LEBEN

RIOBEL: DESIGN DI LUSSO
PER UNA VITA MODERNA

Originating in Quebec, Riobel combines European panache with North American flair for a confident and creative style.

Taking inspiration from contemporary architecture, Riobel's award-winning brassware features the latest technologies and patented systems to deliver enhanced performance.

Riobel hat seinen Ursprung in Quebec. Dank der Kombination aus europäischem Elan und nordamerikanischem Flair hat die Marke einen selbstbewussten und kreativen Stil.

Die preisgekrönten Messingarmaturen von Riobel werden von zeitgenössischer Architektur inspiriert. Im Zusammenspiel mit den neuesten Technologien und patentierten Systemen erzielen sie eine unvergleichliche Leistung.

Nata in Quebec, Riobel combina la raffinatezza europea e il fascino nordamericano, per uno stile unico e creativo.

Prendendo ispirazione dall'architettura contemporanea, la rubinetteria in ottone di Riobel vanta le più recenti tecnologie e brevetti, per garantire prestazioni sempre migliori.

PARABOLA

COLLECTION / KOLLEKTION / COLLEZIONE

A parabola, a two-dimensional mirror-symmetrical curve found in both nature and architecture, is the inspiration for this exceptional brassware collection. A winner at the Grands Prix du Design, the Parabola's sculptural form and nuanced details look elegant in Chrome, sophisticated in Black.

Die Inspiration für die außergewöhnlichen Messingarmaturen dieser Kollektion ist eine Parabel - eine zweidimensionale, spiegelsymmetrische Kurve, die sowohl in der Natur als auch in der Architektur zu finden ist. Die skulpturale Form und die nuancierten Details der Parabola-Kollektion, ausgezeichnet mit dem Grands Prix du Design, wirken in Chrom elegant und edel in Schwarz.

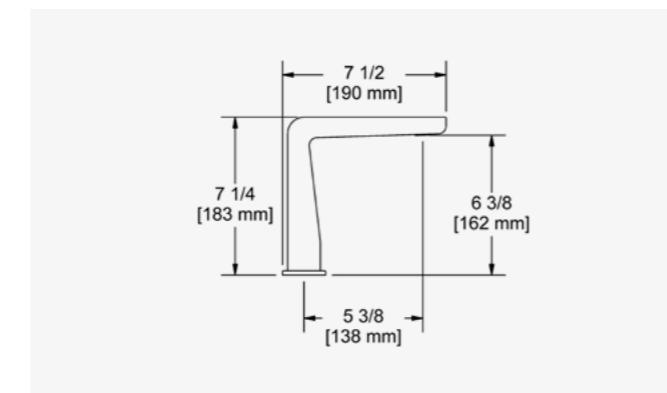

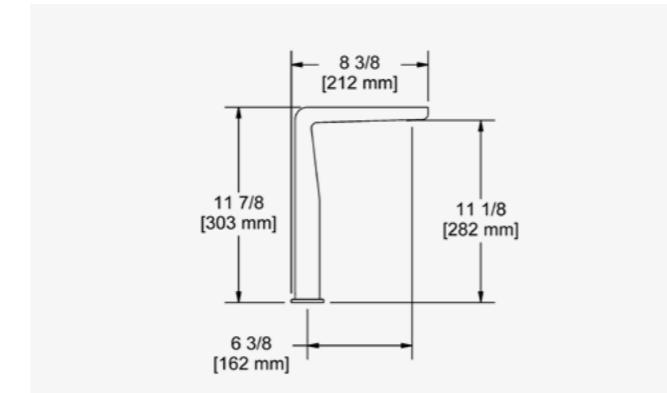

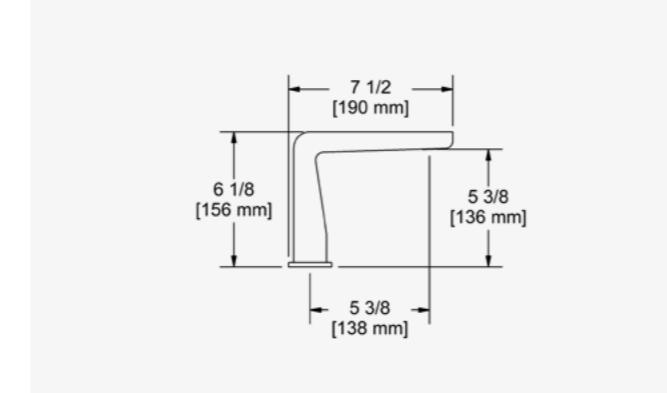

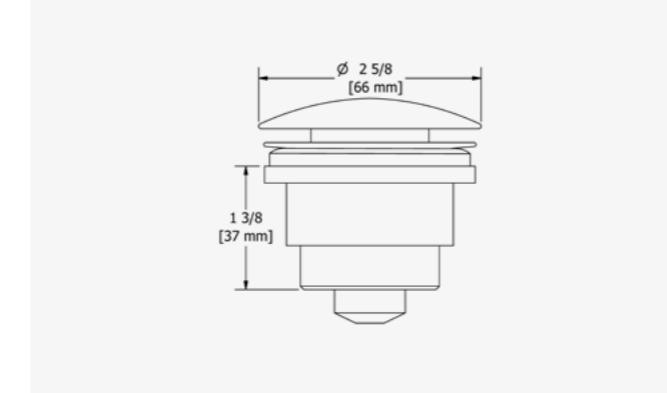

L'ispirazione per questa eccezionale collezione di rubinetteria è la parabola, una curva speculare simmetrica bidimensionale comune sia in natura che in architettura. La collezione Parabola, una delle vincitrici del Grands Prix du Design, con le sue forme scultoree e i dettagli sfumati ha un aspetto elegante in cromo, o raffinato in nero.

PARADOX

COLLECTION / KOLLEKTION / COLLEZIONE

The Paradox collection brings two opposing concepts together in perfect balance. The fusion of linear and circular forms creates a dramatic architectural style. The advanced engineering beneath makes the Paradox a perfect combination of performance and design purity.

Die Paradox-Kollektion verbindet zwei gegensätzliche Konzepte in perfekter Balance. Durch das Zusammenspiel linearer und runder Formen entsteht eine ausgesprochen dramatische Architektur. Die fortschrittliche Technik, die in diesem System steckt, macht aus der Paradox-Kollektion eine perfekte Kombination aus Leistungsstärke und makellosem Design.

La collezione Paradox unisce due concetti opposti in un connubio perfetto. La fusione di forme lineari e circolari crea uno stile architettonico dal carattere istrionico. L'avanzata tecnologia che sta alla base della collezione Paradox la rende una combinazione perfetta di performance e purezza del design.

VENTY

COLLECTION / KOLLEKTION / COLLEZIONE

With its iconic modern shape, sleek streamlined form, angular straight lines offset by a subtle tilt of the neck, this collection is the epitome of contemporary beauty. Simple, sophisticated, with a classic finish, Venty adds nuanced allure to minimalist and transitional bathrooms alike.

Mit ihrem ikonischen modernen Design, der schlanken, stromlinienförmigen Formgebung sowie den kantigen geraden Linien, die durch eine subtile Halsneigung ausgeglichen werden, ist diese Kollektion der Inbegriff zeitgenössischer Schönheit. Schlicht, raffiniert und mit einer klassischen Oberfläche: Venty verleiht sowohl minimalistischen als auch stilneutralen Bädern einen nuancierten Reiz.

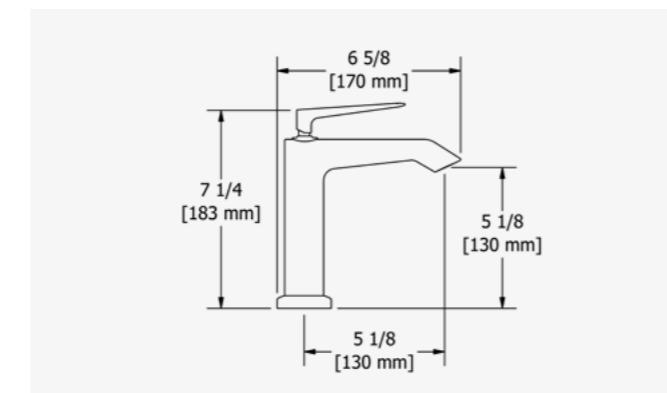

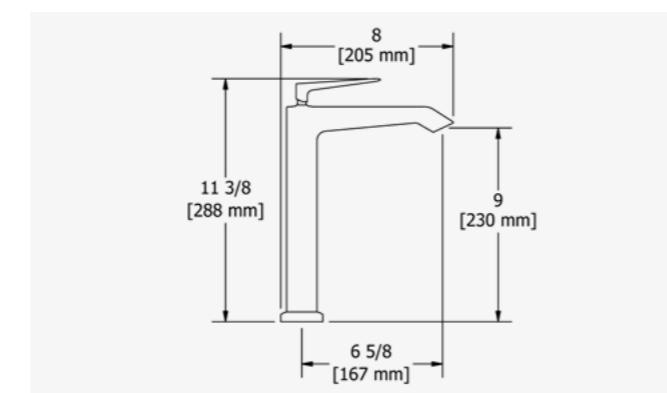

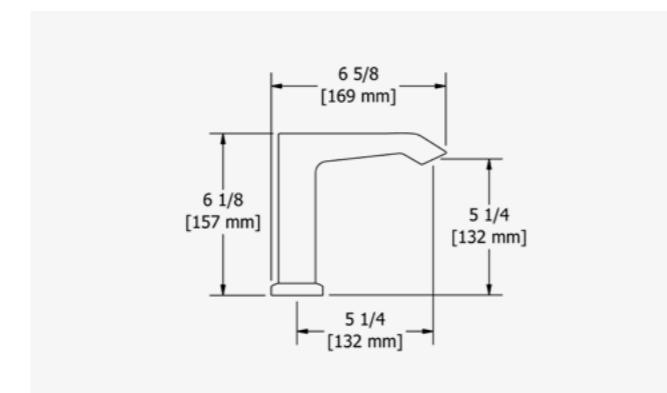

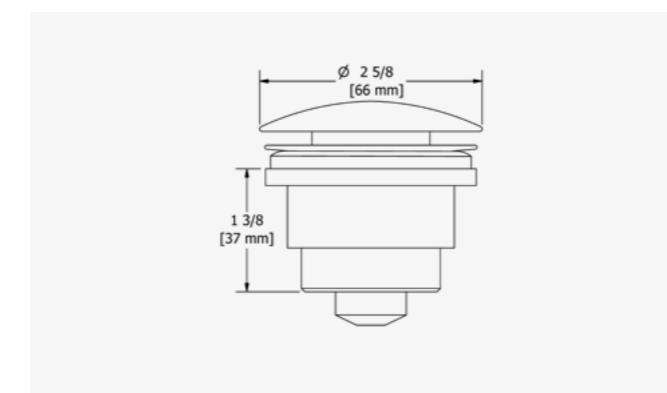

Con la sua forma moderna e iconica, l'elegante forma aerodinamica e le linee geometriche compensate da una sottile inclinazione del collo, questa collezione è il paradigma della bellezza contemporanea. Semplice, sofisticata e con finiture classiche, Venty aggiunge sfumature accattivanti ai bagni minimalisti e contemporanei.

GS

COLLECTION / KOLLEKTION / COLLEZIONE

The GS is an example of Riobel's mastery of geometric forms. The tubular shape of the GS has perfect proportions, exhibited in every component from the basin mixer to the shower valve. This elegant simplicity makes the GS suitable for a wide range of design styles, from the most minimalist contemporary spaces to transitional and traditional bathrooms.

Die geometrische Formgebung der GS-Kollektion ist beispielhaft für die Perfektion von Riobel auf diesem Gebiet. Die Rohrform der GS-Kollektion mit ihren perfekten Proportionen findet sich in allen Komponenten wieder, von der Waschtisch- bis zur Brausearmatur. Die elegante Schlichtheit der Kollektion fügt sich nahtlos in unterschiedlichste Designstile ein und passt perfekt in minimalistisch zeitgenössische Räume, in stilneutrale Bäder und traditionelle Badezimmer.

La collezione GS è un esempio della maestria raggiunta da Riobel nelle forme geometriche. La forma tubolare della collezione GS ha proporzioni perfette, esibite in ogni componente, dal miscelatore del lavandino alla valvola della doccia. Questa elegante semplicità rende la collezione GS adatta per un'ampia gamma di stili, dagli spazi più minimalisti e contemporanei ai bagni tradizionali.

KITCHEN COLLECTIONS

The distinctive designs of Riobel's brassware collections bring a fresh new style to the kitchen. Beneath the surface, precision engineering ensures high performance and smooth control.

KÜCHENKOLLEKTIONEN

Die unverwechselbaren Designs der Messingarmaturen von Riobel bringen einen erfrischend neuen Stil in die Küche. Die Präzisionstechnik in den Armaturen sorgt für hohe Leistungsfähigkeit und reibungslose Steuerung.

COLLEZIONE CUCINA

Il design unico delle collezioni Riobel regala uno stile nuovo e fresco alla cucina. Sotto la superficie, le soluzioni tecniche di alta precisione assicurano ottime prestazioni e un facile controllo.

MYTHIC COLLECTION

The urban industrial look of Mythic, with its choice of bold finishes, complements modern and transitional styles of kitchen. The sleek, rubber hose with 360° rotation gives the pull-down spray head exceptional reach and control.

MYTHIC KOLLEKTION

Das urbane Industriedesign von Mythic und die diversen, äußerst ansprechenden Ausführungen ergänzen moderne und stilneutrale Küchen perfekt. Die Ausziehbrause hat durch den Gummischlauch mit 360-Grad-Drehung eine außergewöhnliche Reichweite und ist bequem zu bedienen.

COLLEZIONE MYTHIC

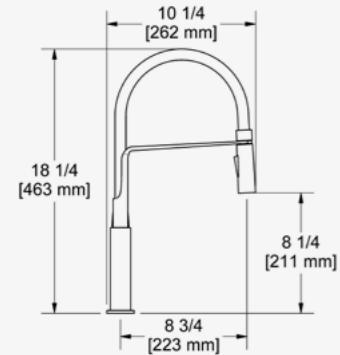

L' aspetto urbano-industriale della collezione Mythic, grazie alle sue finiture audaci, si adatta a stili di cucina moderni o classici. L' elegante tubo di gomma con rotazione a 360° garantisce alla doccetta estraibile funzionalità e manovrabilità elevate.

TECHNICAL SPECIFICATIONS

Further information on our products finish options, flow rates and innovative technology. All Riobel products are designed for modern living using our 25 years of proven technical expertise and performance.

TECHNISCHE SPEZIFIKATIONENS

Weitere Informationen zu den unterschiedlichen Ausführungen unserer Produkte, den Durchflussmengen und der innovativen Technik. Alle Produkte von Riobel wurden auf der Grundlage unserer 25-jährigen, bewährten technischen Expertise und Leistungsbilanz für ein modernes Leben entwickelt.

CARATTERISTICHE TECNICHE

Ulteriori informazioni sulle opzioni di finiture, sulla portata e sulla tecnologia innovativa dei nostri prodotti. Tutti i prodotti Riobel sono stati progettati per il living moderno, facendo leva su 25 anni di comprovata esperienza tecnica.

OUR FINISHES

With a range of luxury finishes available across our brassware collections and bathroom accessories, there is sure to be one that will coordinate beautifully with your dream kitchen or bathroom design.

For guidance on how to clean and care for our products, please visit us online at www.riobel.design

C | POLISHED CHROME

This highly mirror-polished Chrome flatters any tap design.

BK | BLACK

A smooth deep finish, Black adds a contemporary edge.

SS | STAINLESS STEEL

A subtle alternative to Chrome, PVD* Stainless Steel offers refined style.

BG | BRUSHED GOLD

Luxurious and bold, PVD* Brushed Gold adds warmth and character.

UNSERE OBERFLÄCHEN

Unsere Messingarmaturen und Badaccessoires sind in einer Vielzahl luxuriöser Oberflächen erhältlich, von denen sicherlich eine perfekt zu Ihrer Traumküche oder Ihrem Badezimmerdesign passt.

Eine Anleitung zur Reinigung und Pflege unserer Produkte finden Sie unter www.riobel.design

LE NOSTRE FINITURE

Grazie alle raffinate finiture disponibili per le collezioni di rubinetteria e accessori da bagno, siamo sicuri che troverete quello che più si coordinerà con la vostra cucina da sogno o il design del bagno.

Per una guida su come pulire e prendersi cura dei nostri prodotti, vi preghiamo di visitare il nostro sito www.riobel.design

C | POLIERTER CHROM

Das hochglanzpolierte Chrom schmeichelt jedem Armaturendesign.

BK | SCHWARZ

Die glatte, tiefschwarze Oberfläche steht für eine moderne Note.

SS | EDELSTAHL

PVD*-Edelstahl ist eine subtile Alternative zu Chrom und steht für ein dezentes Understatement.

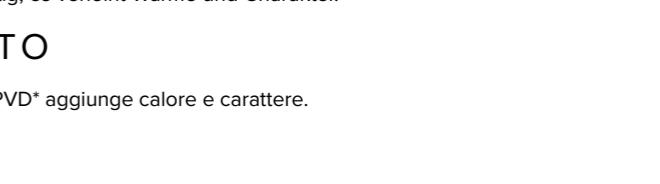

SS | ACCIAIO INOX

Una sottile alternativa al Cromo, l'acciaio inox trattato in PVD* offre uno stile ricercato.

BG | GEBÜRSTETES GOLD

Das PVD*-gebürstete Gold ist luxuriös und kräftig, es verleiht Wärme und Charakter.

BG | ORO SPAZZOLATO

Raffinato e audace, l'oro spazzolato trattato in PVD* aggiunge calore e carattere.

* Physical Vapour Deposition (PVD) coatings are an environmentally-friendly plating alternative applied at an atomic level. They are highly resistant to tarnishing and corrosion, enabling them to be used for a wide range of finishes with colours that do not fade.

* Die PVD-Beschichtung (Physical Vapor Deposition) ist eine umweltfreundliche Beschichtungsalternative, bei der die Kondensation von Atomen oder Molekülen aus Gas oder Dampf verwendet wird. Die Beschichtungen sind sehr widerstandsfähig gegen Anlaufen und Korrosion und daher für die Verwendung auf vielen farbbeständigen Oberflächen geeignet.

* Il trattamento in PVD (Physical Vapour Deposition) è un rivestimento alternativo applicato a livello atomico e rispettoso dell'ambiente. Questi rivestimenti sono resistenti alla corrosione e all'ossidazione e pertanto rappresentano una soluzione ideale per un'ampia gamma di finiture e garantiscono colori che non sbiadiscono.

RIOBEL'S R23 VALVE SYSTEM

RIOBEL R23

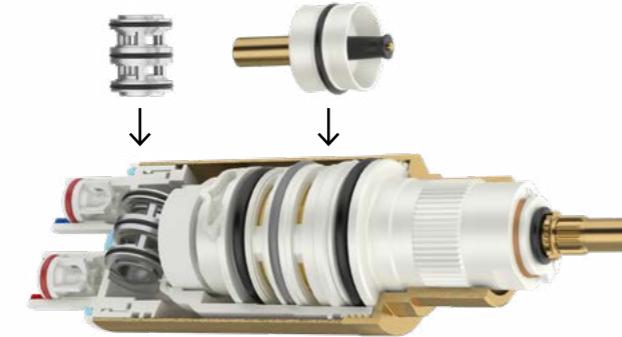

Precision engineered in Canada, Riobel own the patent to the revolutionary R23 thermostatic / pressure balance valve, which is used on all of our 1244 and 323 shower kits. This innovative design offers the best of both worlds: stabilising water pressure for steady temperature performance even in the event of a 50% drop in pressure. Temperature control, flow control and divert options are all controlled from the same beautifully designed trim, making it effortless to use and guaranteeing a luxurious shower experience every time.

DAS VENTILSYSTEM R23 VON RIOBEL

RIOBEL R23

Präzisionstechnik aus Kanada. Riobel besitzt das Patent für das revolutionäre thermostatische Mischventil/Druckausgleichsventil R23, das in allen unseren 1244- und 323-Duschsystemen verwendet wird. Dieses innovative Design bietet das Beste aus zwei Welten: Es stabilisiert den Wasserdruk für eine stabile Temperatur, selbst bei einem Druckabfall von 50 %. Temperaturregelung, Durchflussregelung und Umleitungsoptionen werden alle über dieselbe elegante Blende gesteuert, die durch ihre außergewöhnliche Benutzerfreundlichkeit jedes Mal ein luxuriöses Duscherlebnis garantiert.

VALVOLE RIOBEL R23

RIOBEL R23

Realizzato con tecniche di precisione in Canada, la rivoluzionaria valvola termostatica/di compensazione della pressione R23, di cui Riobel detiene il brevetto, è utilizzata sui nostri kit doccia 1244 e 323. Le valvole doccia termostatiche/pressurizzate Riobel offrono il meglio di entrambi i sistemi: stabilizzano la pressione dell'acqua garantendo prestazioni e temperature costanti anche in caso di un calo del 50% della pressione. Le opzioni di regolazione della temperatura, della portata e della deviazione sono controllate dalla stessa leva abilmente progettata, per facilitarne l'utilizzo e garantire invariabilmente un'esperienza di doccia straordinaria.

RIOBEL R23 FEATURES

"Set and forget" temperature memory.

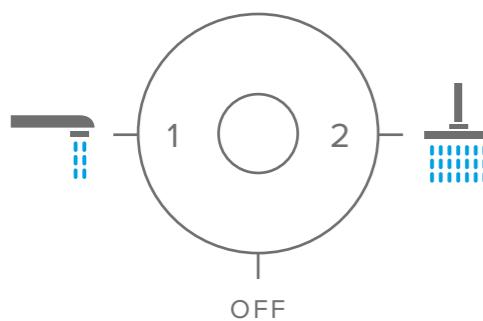

-
- No separate shut-off or diverter valve is required.

-
- Service valves allow easy access for the installer.

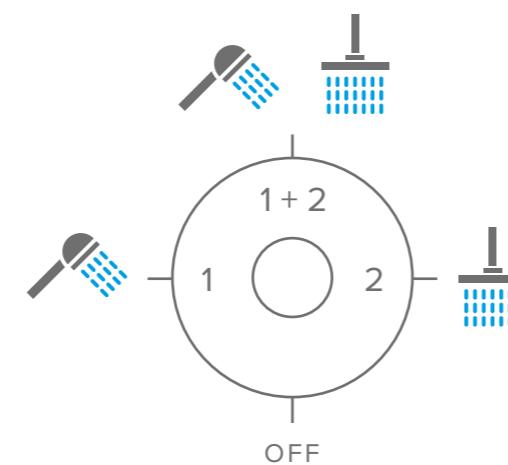

-
- Test cap, enabling the installer to test valve connections.

NO-SHARE OPTION USED FOR 1244 KITS

SHARED OPTION USED FOR 323 KITS

FUNKTIONEN DES RIOBEL R23

Memory-Funktion für Temperatureinstellung.

Kein separates Absperre- oder Umschaltventil erforderlich..

Einfacher Zugang für den Installateur durch Serviceventile.

Prüfkappe, damit der Installateur die Ventilanschlüsse überprüfen kann.

CARATTERISTICHE RIOBEL R23

La funzione "Imposta e dimentica" ricorda automaticamente la temperatura impostata.

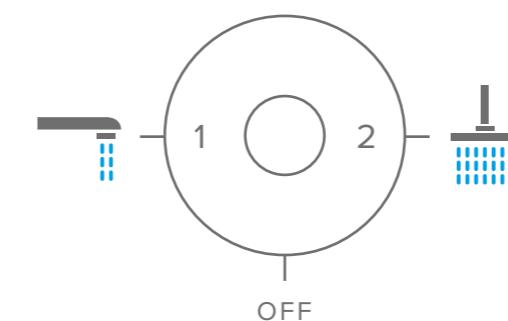

Non è necessaria una valvola di arresto o un deviatore.

Le valvole di servizio assicurano il facile accesso all'installatore.

Grazie al cappuccio di prova, l'installatore può verificare la connessione delle valvole.

GEMEINSAME OPTION FÜR SYSTEME 323

OPZIONE DI CONDIVISIONE UTILIZZATA PER I KIT 323

360° TECHNOLOGY

DESIGNED FOR CONVENIENCE TO SUIT MODERN LIVING

Available on all wall mounted basin mixers, this innovative design allows for the handle to be installed either side of the spout.

360° TECHNOLOGIE

EIN DESIGN FÜR BEQUEMES UND MODERNES WOHNEN

Das innovative Design ist für alle wandmontierten Waschtischarmaturen erhältlich und ermöglicht eine Montage des Griffes auf beiden Seiten des Auslaufs.

360° INSTALLATION

Der Griff kann bedarfsgerecht auf jeder Seite montiert werden.

TECNOLOGIA A 360°

IDEATA PER LA PRATICITÀ NECESSARIA PER IL LIVING MODERNO

Disponibile su tutti i miscelatori montati a parete, questo design innovativo permette l'installazione della leva su entrambi i lati del rubinetto.

INSTALLAZIONE A 360°

Permette di posizionare la leva su entrambi i lati.

QUICK CONNECT SYSTEM

EFFORTLESS INSTALLATION

All three hole deck mounted basin mixers are designed with Riobel's Quick Connect system, allowing the spout and spindle to be effortlessly installed with push-fit connections.

SCHNELLVER- BINDUNGSSYSTEM

BEQUEME INSTALLATION

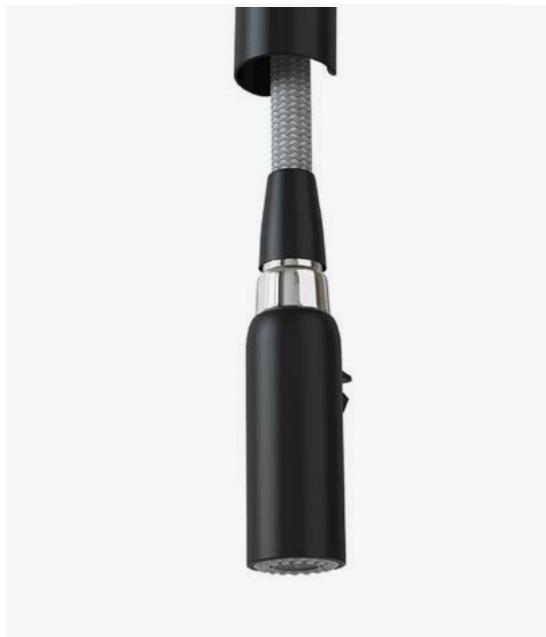

Alle Dreiloch-Waschtarmaturen für die Montage auf dem Waschtisch sind mit dem Schnellverbindungssystem von Riobel ausgestattet, das eine mühelose Installation von Auslauf und Spindel mit Push-In-Verbindern ermöglicht.

SISTEMA A INNESTO RAPIDO

FACILE INSTALLAZIONE

Tutti i miscelatori per lavabo da bordo a tre fori sono dotati del sistema a innesto rapido Quick Connect di Riobel, che permette la rapida installazione del rubinetto e dell'alberino con connettori a scatto.

BOOMERANG PULL-DOWN SPRAY

RETRACTABLE HAND SPRAY

The Boomerang pull-down technology seamlessly integrates the sprayer into the spout while returning it quickly and easily to the sprayer's original position.

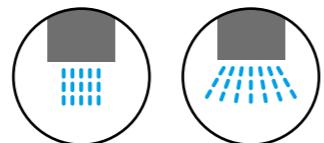

INTEGRATED SWIVEL

An integrated swivel is attached to the pull-down hose with a pivotal ball joint that makes it easy to direct water to all corners of your sink.

TWO-JET HAND SPRAY

Dual-spray functionality with the ability to toggle between stream and spray settings.

BOOMERANG- BRAUSE MIT SCHWENKSYSTEM

VERSENKBARE AUSZIEHBRAUSE

Die Boomerang-Brause mit Schwenksystem integriert die Brause nahtlos in den Auslauf und bringt sie schnell und einfach in die ursprüngliche Position zurück.

GERÄUSCHARMER BETRIEB

Dank des mit Nylon umflochtenen Flexischlauchs gleitet die Ausziehbrause nahezu geräuschlos im Rohr hin und her.

INTEGRIERTE SCHWENKFUNKTION

Durch das Kugelgelenk lässt sich der ausziehbare Schlauch schwenken und gibt Ihnen einen enorm großen Aktionsradius in der Spüle.

ZWEISTRAHLIGE AUSZIEHBRAUSE

Zwei Strahlfunktionen mit Umschaltmöglichkeit zwischen Normal- und Brausestrahl.

DOCSETTA BOOMERANG ESTRAIBILE

DOCSETTA ESTRAIBILE

La tecnologia Boomerang estraibile integra la doccetta nel rubinetto e consente il riposizionamento rapido e facile nella sua posizione originale.

FUNZIONAMENTO SILENZIOSO

Il manicotto silenzioso in nylon intrecciato riduce l'attrito tra il tubo estraibile della doccetta e l'erogatore del rubinetto per un funzionamento più silenzioso.

GIUNTO ORIENTABILE INTEGRATO

All'estremità del giunto orientabile integrato è fissata una testina sferica girevole che consente di dirigere facilmente il flusso dell'acqua verso tutti gli angoli del lavandino.

DOCSETTA A DUE GETTI

Funzione dual-spray per passare dalla modalità a getto alla modalità a spruzzo e viceversa.

WELCOME TO THE HOUSE OF ROHL

The House of Rohl is a collection of artisan brands recognised for their artistry and heritage.

SHAWS FIRECLAY SINKS

The genius of founder Arthur Shaw was to identify the waste material extracted from the colliery at Darwen, as fireclay. In 1897 he established Shaws of Darwen to make use of it. Today, at the same factory in Northern England, Shaws' own Heavy Duty Fireclay is fired hotter and longer to produce kitchen and bathroom sinks with an incredibly durable finish.

PERRIN & ROWE BRASSWARE AND SANITARYWARE

At Perrin & Rowe's English foundry, molten brass is poured by hand at 1,000°C into intricate moulds. The finest grade brass is used to ensure a perfect cast. Each piece is precision machined before being polished by hand. This fusion of cutting-edge technology and traditional craftsmanship is the source of Perrin & Rowe's unrivalled reputation for quality.

VICTORIA + ALBERT BATHS AND BASINS

To make beautiful baths and basins of the highest quality, Victoria + Albert developed their own unique material. Made from natural Volcanic Limestone™, QUARRYCAST™ is light, warm to the touch and incredibly strong. This gives Victoria + Albert's designers the freedom to create award-winning designs that can last a lifetime.

WILLKOMMEN IM HOUSE OF ROHL

Einer Kollektion handwerklicher Marken, anerkannt für ihr Design und ihre Geschichte.

SHAWS SCHAMOTTSTEIN-SPÜLEN

Als Arthur Shaw herausfand, dass der Abraum aus der Kohlengrube in Darwen Schamottstein war, gründete er Shaws of Darwen, um diesen Rohstoff zu nutzen. Über 120 Jahre später wird in derselben Fabrik im Norden Englands Shaws' hochbelastbarer Schamottstein besonders heiß und lange erhitzt, um Küchenspülen und Waschbecken mit einer unglaublich widerstandsfähigen Oberfläche zu fertigen.

PERRIN & ROWE MESSING- UND UND SANITÄRARMATUREN

In der englischen Gießerei Perrin & Rowe wird geschmolzenes Messing bei 1000°C von Hand in komplexe Formen gegossen. Dabei kommt nur das feinste Messing zum Einsatz, um einen perfekten Guss zu garantieren. Jedes einzelne Stück wird präzise maschinell bearbeitet und dann von Hand poliert. Diese Fusion von Technologie und Handwerkskunst ist das Fundament des unangefochtenen Rufs von Perrin & Rowe, nur höchste Qualität zu liefern.

VICTORIA + ALBERT BADEWANNEN UND WASCHBECKEN

Um wunderschöne Badewannen und Waschbecken von höchster Qualität herstellen zu können, hat man bei Victoria + Albert ein eigenes, einzigartiges Material entwickelt. Das aus natürlichem Volcanic Limestone™ hergestellte Quarrycast™ ist leicht, berührungswarm und unübertrffen stabil. Das gibt den Designern von Victoria + Albert freie Hand, preisgekrönte Designs zu schaffen, an der Sie ein Leben lang Freude haben können.

BENVENUTI NELLA HOUSE OF ROHL

Una collezione di marchi dell'artigianato riconosciuti per la loro qualità e tradizione.

SHAWS

LAVELLI IN ARGILLA REFRATTARIA

Quando Arthur Shaw scoprì che il materiale di scarto estratto dalla miniera di Darwen era argilla refrattaria, decise di utilizzarla come materiale di lavorazione nella sua nuova azienda Shaws of Darwen. Più di 120 anni dopo, nella stessa fabbrica del nord dell'Inghilterra, l'argilla refrattaria ad alta resistenza viene lavorata con cotture più lunghe e a temperature più elevate per produrre lavelli da cucina e lavabi da bagno con finiture incredibilmente resistenti.

PERRIN & ROWE

ARTICOLI IN OTTONE E SANITARI

Nella fonderia inglese di Perrin & Rowe, l'ottone fuso viene versato a mano a 1.000 °C in stampi con lavorazioni complesse. Viene utilizzato ottone della migliore qualità per assicurare una fusione perfetta. Ogni pezzo è lavorato con precisione prima di essere lucidato a mano. Questo connubio tra tecnologia e sapiente abilità artigianale conferisce a Perrin & Rowe una reputazione ineguagliabile in fatto di qualità.

VICTORIA + ALBERT

VASCHE DA BAGNO E LAVABI

Victoria + Albert ha sviluppato un materiale unico con cui creare vasche da bagno e lavabi di altissima qualità. Realizzata in pietra naturale Volcanic Limestone™, la linea Quarrycast™ è leggera, calda al tatto e incredibilmente resistente. Questo offre ai designer di Victoria + Albert la libertà di creare prodotti di qualità elevata dalla durata eterna.
